

A Crop Vitalizer for Enhancing Flower, Fruit development and Product Yield

KEY BENEFITS

- Healthier crop with vigorous plant growth
- Enhances flowering, less drop and better fruit set
- Enhances resistance to drought, pests and diseases
- Increases quality of fruit (size, taste, shelf life)
- Increases yield and sugar content

USAGE GUIDELINES

FOLIAR APPLICATIONS

ZoomGro[®] is used as foliar spray to improve flower and fruit development. Apply in sufficient water to provide through coverage. Frequency of foliar spray depends on the crop stage or as needed.

ZoomGro[®] is uniquely formulated crop vitalizer with distinctive and unconventional properties that propel and improve flower and fruit development.

It reduce flower & fruit drop and enhances plant nutrition uptake resulting better yield performance.

Formulation: Powder
(Soluble Free Flowing Powder)
Shelf life: 2 years
Packing: 500 gm

SPECIAL CARE SHOULD BE TAKEN WHEN TANK MIXING

- Use appropriate dosages of formulation as per recommendation.
- Partially fill the spray tank with clean water and then add the specific amount of Bio-product to the tank as required. Add the remaining water Mix thoroughly.
- DO NOT let mixture stand overnight.
- DO NOT mix with copper based fungicides, bactericides, concentrated acids such as sulfuric acid, solvents, oxidizing agents.
- Apply in the early morning OR evening creates conditions favorable for germination of spores giving better results.
