

Bio-fertilizer for early and healthy crop development

Plantare Super is uniquely formulated bio-fertilizer for early and healthy crop establishment. It is a natural and eco-friendly bio-product designed to improve early plant vigour, enhance rooting, increase nutrient uptake and improve crop quality and yield

KEY BENEFITS

- PLANTARE SUPER promotes strong and deep root development.
- It enhances nutrient uptake (P, Zn, Fe).
- It also speeds up seedling growth and establishment.
- It helps to boost resistance to early-stage diseases.
- Improves tolerance to transplant shock and stress.

Formulation	Powder
Shelf life	2 years
Packing	200g

USAGE GUIDELINES

ROOT DIPPING

Mix the recommended dose of formulation in the required amount of water and dip the roots of seedlings or sets, rhizomes or tubers.

SPECIAL CARE SHOULD BE TAKEN WHEN TANK MIXING

- Use appropriate dosages of formulation as per recommendation.
- Partially fill the spray tank with clean water and then add the specific amount of Bio-product to the tank. Add the remaining water and mix THOROUGHLY.
- DO NOT LET MIXTURE STAND OVERNIGHT.
- DO NOT mix with copper-based fungicides, bactericides, concentrated acids such as sulfuric acid, solvents and oxidizing agents.
- Application in the early morning OR evening creates conditions favourable for germination of spores, giving better results.
